

Bringing nature's balance indoors Ceiling mounted air-e nanoe™ X generator

**Deodorises & inhibits certain bacteria, viruses, mould, pollens
& allergens for better indoor air quality**

- nanoe™ X technology
- Silent operation
- Low power consumption

nanoe™ X, technology with the benefits of hydroxyl radicals.

Abundant in nature, hydroxyl radicals (also known as OH radicals) have the capacity to inhibit pollutants, viruses, and bacteria to clean and deodorise.

In our daily life, there are various odours and smells generated from indoor/outdoor activities that may affect our comfort. Also, pollutants brought in from outdoors may adversely impact residents, while mould grows rapidly in humid seasons causing allergic problems to some individuals.

Panasonic's nanoe™ X technology takes this a step further and brings nature's detergent – hydroxyl radicals – indoors to help create an ideal environment

Thanks to the nanoe™ X properties, several types of pollutants can be inhibited such as certain types of bacteria, viruses, mould, allergens, pollen and certain hazardous substances.

1 | nanoe™ X reliably reaches pollutants.

2 | Hydroxyl radicals denature pollutants' proteins.

3 | Pollutants activity is inhibited.

What is unique about nanoe™ X?

Effective on fabrics and surfaces. At one billionth of a metre, nanoe™ X is much smaller than steam and can deeply penetrate cloth fabrics to deodorise.

Longer lifespan. Contained in tiny water particles, nanoe™ X has a long lifespan, which is about 600 seconds, to spread easily around the room.

Huge quantity. nanoe™ X Generator produces 4,8 trillion hydroxyl radicals per second.

Maintenance-free. No service and maintenance required. nanoe™ X is a filter free solution that does not require maintenance.

Performance of nanoe™ X might differ in real life environment and is only expected in the same room as where the unit is placed. The nanoe™ X performance varies depending on the room size, environment and usage and it may take several hours to reach the full effect. Nanoe X is not a medical device.
